Student Newsletter

Message from the Principal's Desk

Marc Aden, Principal Happy April to our Promise families!
Spring is here and upon us! Thank you for selecting Promise Academy.

April brings to us the next phase of state testing!
Students are required to pass tests in Math, Science, Social studies, and English Language Arts to accumulate a total of 18 points across the testing areas. Students can earn 1-5 points for each test. For more information please go to the Ohio Dept. of Education website. Take time to read the information.

We are saddened that we lost a student to violence recently. Our thoughts and prayers go out to the family.

Families, we are also offering grief counseling to families and students beginning April 5th at Promise Academy. These sessions will be open to all individuals who have suffered loss and need support with loss. For more information, please call Promise Academy at 216-443-0500. Ask for Mrs. Jones.

Ohio State Law now requires that we institute a set of procedures designed to encourage students to attend school on a consistent basis. You will notice that we will be reaching out to families and making more inquiries about your student's attendance. Please encourage your student to attend school more often.

We are asking students to complete more work per week!

The "STRIVE FOR 25" Program at Promise Academy is designed to encourage students to complete 25 hours of work in order to remain active in our system. Students who do not complete 25 hours weekly will be asked to come before our attendance and accountability committee in order to enter into a contract with Promise Academy.

Please refer someone to Promise Academy and your name will be entered into a drawing monthly.

Thank you for your support of Promise Academy!

Happy April to you!

Marc Aden, Principal

"Where dreams are realized"
